

Department of Bioengineering

UNIVERSITY OF COLORADO

DENVER | ANSCHUTZ MEDICAL CAMPUS

Master's Committee Planning Form

Signed forms should be submitted to the Department of Bioengineering's Student Services at the end of the student's first year. Prospective committee members without Graduate Faculty Appointments, should request an appointment at this same time. Contact Bioengineering Student Services for more information re: faculty appointments and next steps.

Master's Committee Requirements

1. All bioengineering graduate students must work under the supervision of a thesis/project advisor and committee.
2. A committee will include no less than three members.
3. All committee members must have a current Graduate Faculty Appointment.
4. An MS student's BIOE-Core Faculty Advisor must serve as a committee member.
5. An MS Student's BIOE-Core Faculty Advisor may also serve as the research/project advisor.
6. Effective for the Fall 2016 entering class: two of the three committee members must be members of the BIOE Core Faculty (an exception may be made for *project* committees with discipline and/or industry specific representatives)
