

Department of Bioengineering

UNIVERSITY OF COLORADO
DENVER | ANSCHUTZ MEDICAL CAMPUS

Petition for a Core Class Waiver (PhD)

The deadline for completing this form is Census Day in the same semester as the class for which you are petitioning a waiver. For claims based on previous coursework, it must meet all Transfer of Credit criteria, which can be found in the Graduate School Rules. You may also make this claim on the basis of professional experience, in which case you will not be able to transfer credit. As a PhD student, you will be examined at your prelim exam on the material covered by the core class(es) identified in this petition. If your committee considers your knowledge to be satisfactory, your petition will be granted. If your knowledge is insufficient, you may be asked to take the class.

Before Your Preliminary Exam

The Course Instructor must sign before you submit your petition to the Graduate Committee. Please provide sufficient information (syllabi, competencies, etc.) for the Graduate Committee to evaluate whether the prior courses are sufficient to have satisfied core competencies for UC Denver Bioengineering.

Date: _____

Name: _____ Student ID: _____

Email: _____

Course Name: _____ Course #: _____

Clearly state your request and reason for your petition. Please provide supporting documents that will help the committee make an appropriate decision. Petitions with incomplete information will not be considered.

I support this petition, conditional to the student passing the preliminary examination.

Course Instructor Name: _____

Course Instructor Signature: _____ Date: _____

At/After Your Preliminary Exam

Prepare a Transfer of Credit application and take it to your exam for approval.
