

Preliminary Examination Committee Proposal

Please attach a brief narrative that describes how your proposed committee members are able to evaluate your three knowledge areas (technology, quantitative methods and life sciences) on this form. All knowledge areas must be evaluated as part of your preliminary exam. Proposals may be submitted electronically to the Graduate Program Manager.

Student Name: _____ Student ID: _____

Student Email Address: _____ Student Phone Number: _____

Proposed Committee & Knowledge Area

The Preliminary Examination Committee must include three members of the University of Colorado Denver | Anschutz Medical Campus faculty. Two of the three members, including the Chair, must be members of the Department of Bioengineering Core Faculty. All Committee members must hold current regular or special appointments to the Graduate Faculty on either the CU Denver or Anschutz Medical Campus. The Graduate Affairs Committee (GAC) must approve all committee proposals prior to the student submitting a Request for Preliminary Exam form. Please keep in mind that the Request for Exam must be submitted at least 2 weeks prior to the exam date.

Knowledge Areas

Please indicate the three knowledge areas for which you will be tested. Attach a brief narrative to this form that describes how each exam committee member is an "expert" and can represent one or more of these areas.

Technology	Quantitative Method	Life Sciences
