

FIRST YEAR
Auraria Campus

SECOND YEAR
Auraria Campus

THIRD YEAR
Anschutz
Medical Campus

FOURTH YEAR
Anschutz
Medical Campus

- * Students will complete all prerequisite requirements and CU Denver Core while on the Auraria (downtown) campus.
- * All MATH, BIOL, CHEM, PHYS and lower-division BIOE/ENGR courses must be completed prior to attending the Anschutz Medical Campus.
- * All prerequisite courses must be completed with a C- or higher
- * All upper-division BIOE courses are restricted to students in the Bioengineering program.
- * Note all BIOE course offerings are either the Fall or Spring semester.
- * It is advised to complete as much CU Denver Core as possible prior to transition to the Anschutz Medical Campus.
- * Consult with Undergraduate Program Manager about BIOE technical electives
- * Students can apply to the BS/MS program in the spring semester of their third year.
